

K-LOVE 88.9 in Oklahoma City, OK is the ONLY local Christian station that serves me without commercials, so I am uplifted & encouraged, not sold products. I believe if K-LOVE was displaced with an LPFM broadcaster, then many others would also be forced off the air, if I cannot listen to K-LOVE, then I wouldn't listen to the radio at all and would just listen to CD's. I also believe that K-LOVE provides a service to the public that is not provided by other stations, it is family-friendly, I don't have to worry about what will be said or what words will be in a song. The values and spiritual impact on local communities across America cannot be matched or replaced.
